

ULTRANITRIL 410

Suitable for tasks requiring both cut and chemical protection, offering great durability and optimal grip.

Examples of applications

Machining oily parts

Valve inspection

ULTRANITRIL 410

Cut protection

A textile liner made of performant composite fibers supports **ISO LEVEL C cut protection**.

Grip

Good **fingertips sensitivity**
The double coating technology with **textured second layer** ensures **optimal grip** in wet or oily environments

Comfort

Seamless textile liner offers **close fit & enhanced comfort** to the wearer
The special design provides **good suppleness for ease of movement** and **prevent hand fatigue**

Durability

Great durability and **long-lasting use**
Durable glove thanks to its high abrasion resistance
Good mechanical resistance

Long & foldable cuff guarantees forearm protection

Easily visible liner

Becomes visible when the glove is damaged, helping the wearer detect a breach in the chemical barrier

Product Specification

Material	PVC & Nitrile
PPE category	3
Colour	Black
Internal finish	Yellow easy visible seamless textile support in composite fibres
Length	35 cm
Palm thickness	1.70 mm
Available sizes	7 8 9 10 11
Packaging	1 masterbag of 12 pairs 48 pairs by carton
Industries	Chemical industry / Automotive / Mechanical industry
